WHO SEES YOUR DATA?

ABOUT AIRIS

AIRIS helps you understand smart-home data and explore privacy choices through product labels and an interactive prototype.

01 / **Privacy Label**
Compare storage, access, deletion data user control, with evidence and unknowns made visible.

02 / **Privacy Policy**
Explore visual explanations of data collection, storage, access and deletion.

03 / **Camera Goggle**
Explore Original view, Hide faces, Hide whole person and No access for shared viewers.

04 / **Access History**
Review sample camera visits by viewer, date and time, then inspect viewing permissions.
